### **Sidney Baseball Postgame Recap - 2013**

The Sidney Seniors Legion Baseball team buried another rival for its seventh win in ten games to start the 2013 summer Wednesday.

Behind a six inning, two-hit pitching performance from Tyson Herrera Sidney notched more than enough runs in the first two innings to dispatch the Buckley Bombers 10-2 on a chilly night at Legion Field. Herrera walked five but after a leadoff single to Buckley pitcher Trevor Dalton to start the game Herrera didn't allow another Bomber hit until 22 batters later when Sidney had the game well in hand.

Herrera relied on his complete arsenal of pitches to mix up the Buckley bats saying, "About everything. I was throwing curveballs, sliders, knuckleballs, fastballs, everything (was working for him)."

Herrera also helped himself at the plate with two hits, two runs scored and an RBI.

Colton Onstott made the first big splash for Sidney's bats with a two-run double following a pair of walks and a single in the first. Austin Pile, Kane McLaughlin and Austin Crane flowed with RBIs in a six-run first that saw Sidney send all nine men to the plate and take a 6-0 lead.

The second inning started just like the first with the top of Sidney's lineup getting on base. Devon Sullivan smacked a leadoff triple, Lane Harvey took a second walk and Herrera's RBI double followed for a 7-0 lead. Harvey would come home on a wild pitch for Sidney's eighth run and Pile brought in another with a single to make it 9-0 before he scored the tenth run for Sidney later in the inning.

Buckley's runs came on a wild pitch in the fourth and Logan Tharp's RBI double in the sixth.

Sidney has three days off before traveling to Chadron with a 7-3 record Sunday.

Buckley jumped out to an early 4-0 lead in the first and won the Juniors game 12-8 using mostly Senior-level talent due to a lack of numbers. Sidney's Juniors are 2-4 and will play the opening game of the doubleheader in Chadron Sunday before hosting a doubleheader next Tuesday with Laramie, Wyoming.
